# Presenting:

## *Comprehensive Protection of Civilians Training Materials for United Nations Peace Operations: Military Version*

The aim of these training materials is to provide a comprehensive training package that combines aspects of Protection of Civilians, Child Protection, and Conflict-Related Sexual Violence for military peacekeepers at the tactical level in United Nations peacekeeping operations. The training package is primarily designed for pre-deployment training but can also be used for in-mission training.

These course materials have been sourced directly from the United Nations Peacekeeping Resource Hub under a revocable licence issued by the Integrated Training Service.

### Learning Objectives:

Understand the nature of contemporary armed conflicts and the threats they pose to civilians.

Understand the different actors mandated to protect civilians.

Understand the set of legal and practical principles that guides protection of civilians mandates.

Understand the importance of Conflict-Related Sexual Violence (CSRV) mandates and how they are implemented.

Recognize the different components of the mission active in protecting children and promoting their rights.

Understand the interrelated, interdependent, and indivisible nature of human rights.

Recognize the particular privileges and immunities afforded to United Nations personnel and the purposes of these privileges and immunities.

Explain how protection-of-civilian considerations impact planning at the operational and tactical levels.

Identify the strategic, operational, and tactical guidance for Military Components.

Explain the phases of response and use of force.
