Study peace and humanitarian relief any place, any time

Presenting:

UN Specialised Training Materials on United Nations Military Observers

This comprehensive training package provides students with the UN pre-deployment requirements and materials specifically designed for UNMO, combining the Conceptual, Legal, and Operational Frameworks and mainstreaming the relevant aspects of the protection of civilians, gender, Security Risk Management, and improvised explosive device safety.

These course materials have been sourced directly from the United Nations Peacekeeping Resource Hub under a revocable licence issued by the Integrated Training Service.

Learning Objectives:

Understand the concept of UNMO and their role in mission environments.

Recognize the challenges UNMO face when deployed, especially in nonpermissive environments.

Apply the main rules of international law that establish the legal framework for peace operations, starting with the United Nations Charter.

Follow key policies of the Secretary-General and the Department of Peace Operations that are binding for all UN mission personnel.

Better understand the fundamental skill sets and techniques required for UNMO to operate in a UN mission successfully.

Explain the basic operating procedures when dealing with media and language assistants.

Be able to describe the basics of equipment and vehicle identification in the mission area.

Appreciate mission safety and security for UNMO and necessary reporting practices.
